

Product Code: CMA2623

Luckinslive 436090765

Description: 20A Double Pole Plate Switch With LED

General Information

Plate Dimensions (mm)	86 (W) x 86 (H) x 9.5 (D)		
Plate Fixing Centres - Horizontal (mm)	60.3		
Style	Rounded Profile		
Colour	Polar White		
Materials	Front Plate & Rocker Switch: Urea LED Lens: Polycarbonate Terminal Screws: Steel & Yellow Passivated Internal Busbars: Formed Pressed Brass	Rear Housing: Urea Terminals: Brass Contacts: Silver "on-lay" Copper / Brass Earth Strap: Mild Steel	
Anti Microbial Certified	Yes		
Operating Voltage (AC)	250	Frequency (Hz)	50
Resistive Load Rating (A)	20		
Termination Type	Screw		
Terminal Size (mm)	Ø5	Terminal Torque Value (Nm)	1.8
Terminal Capacity - Solid (mm ²)	3 x 2.5		
Switched	Yes		
Double Pole Switch	Yes		
Twin Earth Terminals	Yes		
LED Indicator	Yes	Indicator Colour	Red
Minimum Back Box Depth (mm)	25		
Ingress Protection	IP20		
Operational Temperature (°C)	-5 to +40		
Warranty (Years)	25		

Standards BS EN 60669-1

Additional Information

For cleaning / polishing of products, use only a soft, dry, clean cloth.
 LED Indicators are not designed to withstand insulation resistance testing at 500V. Carrying out insulation resistance testing at 500V may result in damage to the LED indicator. Please disconnect prior to insulation resistance testing.
 Ensure that the mains supply is isolated before commencing installation and refer to the circuit diagram with the relevant product.
 Bare earth cables must always be covered with appropriate sleeving and wired to the earth terminal.
 All white moulded accessories are manufactured using Urea Formaldehyde, which has similar inherent properties to antimicrobial additives that inhibit the growth of infectious diseases as well as anti-viral properties against enveloped and non-enveloped viruses.
 All products have been independently tested with 99.9% of enveloped viruses and 92% of non-enveloped viruses killed off whilst achieving a 99.9% kill rate across all four types of the strains of bacteria - MRSA, E-Coli, Salmonella, and Klebsiella Pneumoniae.
